REMARKS

A train of 12 trucks, [REDACTED] carry- 25X1
ing equipment from the direction of Gross Doelln was seen entering Camp Vogel-
sang in the Templin (N 54/U 51) training area at 5 p. m. on 6 March. A reside-
said that about 40 trucks entered the camp near Brederaike at 8 p. m. At 7 p. m.
on 7 March, 9 trucks, [REDACTED] each carry- 25X1
ing about 20 soldiers, were seen arriving from the direction of Liebenwalde and 25X1
entering Camp Vogelsang. Four carloads of equipment were unloaded at the Ham-
spring railroad station at 8 p. m. and were trucked to Camp Hammelspring. [REDACTED]
[REDACTED] a 25X1
train carrying engineers and another train carrying infantry troops were unloaded
at the Templin railroad station during the night of 8 March. The soldiers left
the station in the direction of Roeddelin, marching in small groups. At 3 p. m.
on 10 March, 3 trucks, [REDACTED] carrying 24 soldiers each, and 25X1
2 jeeps, [REDACTED] entered Camp Vogelsang coming from the direction of
Oranienburg. *

[REDACTED] Comment. [REDACTED] the trucks seen on 25X1
6 March 1952, belong to headquarters units of the Fourth Gds Weez Army. They
probably came from Eberswalde. The trucks and the rail shipment observed on
7 March 1952 and the column seen on 10 March 1952, [REDACTED] 25X1
[REDACTED] belong to the 25th Tank Div. The present information tends to
indicate that, until 10 March 1952, there was intensified training activity at
the Templin troop training grounds, but that only relatively small training deta-
occupied the area. [REDACTED]
